SPENCER DIXON
RESUME

WORK EXPERIENCE:

2015 / Present – ExpertVoice
Interactive Experience Designer

Working as part of a design team to accomplish goals of the client but also of the in-house agency. Handling many concurrent, high profile projects where I am in charge of UI design, user testing, development and presentation of web components and digital experiences.

2013 / Present – Design Contracting

Working solo for clients like Artemis Health, CityGro and others. User testing, redesigns, iterative mockups, interaction design, developer handoff, etc.

2018 / 2019 – thecampus.market
UX/UI Developer

I co-created a service that allowed students to buy and sell housing contracts in a private marketplace. Before we pulled the plug I was designing user journeys, full-fidelity mockups, conducting user tests and developing the front-end in angular.

EDUCATION:

2010 / 2013 – Woods Cross High School

2013 / 2015 – University of Utah
College of Architecture and Design, Multi-Disciplinary Design Major

STRENGTHS:

Learning, listening, layouts, alliteration, problem solving, HTML, CSS, Jquery, CMS/LMS systems, survey science and data mapping, design thinking, ping pong, process development, brevity.
